

PRODUCT SPOTLIGHT

Nitty Gritty Conditioning Defence Spray

A daily spritz of our amazing Nitty Gritty Conditioning Defence Spray will keep those pesky lice away for good!

It's a carefully chosen blend of ingredients with a lovely grapefruit scent, that will not only keep those pesky lice at bay but keeps everyone's hair fragranced, soft, shiny and de-tangled.

How does it work?

Everyone's hair has its own unique aroma, and just like mosquitoes, head lice use their sense of smell to detect the presence of 'new' hair during even very brief head-to-head contact. Our Nitty Gritty Conditioning Defence Spray messes up their 'radar'; by masking your hair's unique aroma it encourages head lice to stay on their existing host rather than migrate.

A spritz a day keeps head lice at bay!

Made from a blend of essential oils

Disguises your hair's natural scent so that head lice do not migrate onto the hair when looking for a new host!

Smells lovely to us - not so nice to head lice!

One bottle will last approximately 6 months

De-tangles the hair and leaves it in tip top condition!

Nitty Gritty
